

How to view saved passwords in Safari.

1. Click **Safari** and then **Preferences ...**
2. Switch to the **Passwords** tab.
3. A list of saved passwords will appear.
4. To narrow down the list, enter **mail.com** in the search field. Check the box next to **Show passwords for selected websites**. Enter your Mac user password and confirm by clicking **OK**.
5. The password is shown.
